PROFESSIONAL SUMMARY

Software Engineer with 2.6 years of experience at Winfocus Solutions Pvt. Ltd., experienced in frontend development, internal tool building, SQL and manual/API testing. Hands-on with React, Angular, JavaScript and SQL; strong understanding of Agile workflows, Jira, and cross-functional collaboration. Built an internal Task Management System to improve team productivity and supported large-scale web applications for enterprise clients.

TECHNICAL SKILLS

Frontend	React, Angular, JavaScript, HTML, CSS
Databases	MySQL, Oracle, Snowflake
Testing	Manual Testing, API Testing, Test Case Design, Defect Tracking
Tools	Jira, Postman, Git
Other	Agile Methodologies, SDLC Practices

EXPERIENCE

Software Trainee / Software Engineer

Winfocus Solutions Pvt. Ltd., Hyderabad

Sep 2023 – Present

- Worked on SLAM (Railway Data Maintenance) — handled web UI, supported end-users across multiple railway divisions and ensured stable workflows and releases.
- Performed manual testing, designed test cases, tracked defects in Jira and assisted in release stabilization.
- Conducted SQL-based backend data validation and API validations to verify historical and operational datasets.
- Coordinated with railway officials and internal teams to investigate data mismatches and improve data accuracy and reporting quality.
- Contributed to continuous enhancements to meet domain and field requirements.

PROJECTS

SLAM (Railway Data Maintenance) — React, SQL

Client: CRIS. Maintained and enhanced the SLAM web application: data loading validation, historical asset reconciliation, user support across ELS/DLS/shed units, and API/backend data verification.

Internal Task Management System (Like Jira) — React, JavaScript, SQL

Built UI screens for task creation, tracking, filtering and dashboards; implemented search and user assignment flows; streamlined internal workflows and reduced manual effort across teams.

EDUCATION

B.Tech in Engineering

Avanthi's St Theresa Institute of Engineering and Technology (JNTUK)

Passed Out: 2022

LANGUAGES

English, Telugu, Hindi
